Dear Sir/Madam,

With considerable experience in designing, developing, and managing software, I am a talented, well-organized, and professional person seeking for a new opportunity. I am open to taking on a variety of projects in any technology.

I am equally comfortable working independently to meet goals as well as collaboratively as part of a team. I have always been able to establish and maintain excellent relationships with clients and co-workers at all levels. My professional skills include the following:

- Possess more than 11 years of web development experience specializing in C#, .Net Core, ASP.NET, MVC, MS SQL, Web API, WCF, Entity Framework, Node JS, Angular, JQuery, PostgreSQL, Azure, Docker etc.

- Possess excellent leadership abilities and problem-solving abilities.

- Possess excellent interpersonal and communication abilities.

- A strong motivator with multitasking skills.

- Working knowledge of mobile platforms (Intel XDK, Ionic, and Xamarin).

- Knowledge of CICD, test-driven development, and release management as well as .NET Core.

- experience designing and developing software, including web apps, web services, Windows services, and database programming for maintenance.

- expertise managing teams, driving implementation, and upholding standards in an Agile software development environment.
